

New..... LEAF Instrument Petting Zoo is LIPZ

Hello music lovers!

LEAF is starting an Instrument Petting Zoo at the Kid's Village! This is a tent where kids can see, touch, hear and play an instrument that they might never come in contact with otherwise. The goal is to inspire an interest in music and nurture the natural curiosity of kids. Lots of times kids are told "don't touch" when it comes to folks instruments. We are looking for donations! The instruments can be old, ugly, badly beaten up, etc. (OR of course new and beautiful!). As long as the instrument can still be blown, banged, strummed or picked it would be useful.

When you are at LEAF drop by the Instrument Petting Zoo tent!

We will have chairs set out for you to jam and to let kids look at and touch (w/ your close supervision) your instrument! Pass the love of music on....

To donate an instrument contact:

Denisa Rullmoss #828-713-1820 • denisa@theleaf.com
